FIGHT IS AT RACE ROCK

First Yachts to Get By in Light Wind Beat All Class Rivals in Run to Newport.

NEWPORT, Aug. 6 .- The peace squadron of the New York Yacht Club sailed out of New London harbor this morning and successfully ran the blockade. Of the 110 yachts reported in New London in the morning not a single vessel is missing. the morning not a single vessel is missing. In fact the squadron has been strength-ched and several big steamers as well as many others have reported to Com-modore Dallas B. Pratt. Uncle Sam's North Atlantic Squadron made a zone ex-tending from the easterly end of Fisher's Island into Gardiners Bay, and nothing could nass through that some according could pass through that zone, according to the war plans, but the officers and sallors watched the white coated yachts

sailing to the east.

The yachts were sailing for the vicecommodere's cups in addition to the usual class prizes. There are two of these special trophies in each division, two for schooners and two for sloops.

The schooner cup was won by Morton F. Plant's Elena, whose closest competion, the Irolita, was besten seven minutes. The second division prize went to Irving

The second division prize went to Irving Raymond's Hopewell. This is the sec-ond time a Stamford schooner has beaten a larger vessel for a special cup. Edmund Randolph's Spartan, one of the new class of 59 footers, won the first division cup for sloops. She not only defeated the other 50s but she defeated the Avenger. other ous but she detented the Avenger.

stock of the 59s has gone up to-night.
The second division prize went to George
Nichols's 30 footer Phryne.
Commodore Pratt ordered the feet to

commodore Fratt ordered the neet to preceed to Newport at 9 o'clock and an hour later the regatta committee on its tug had established the starting line off Sarshs Ledge bell buoy. Early in the morning there was no promise of wind. It was flat and foggy. As the yachts left the harbor a light air from the south gave some encouragement, but very little. This light air lasted long enough to enable the leaders to get around Race Rock, and then it died away. Later it freshened and continued to freshen until at the finish off Brenton Reef Light vessel it was a whole sail breeze and the

sel it was a whole sail breeze and the sea was quite rough.

It was a peculiar race and really told the experts little. Those fond of figures had hoped to be able to argue on the merits of the fiftles and the older yachts, but they will have to defer that pleasure. The wind made the race a beat of four miles to Race Rock and then a reach to the finish for the larger yachts, while the smaller ones were able to carry spinsmaller ones were able to carry spin-nakers in from Point Judith whistling buoy. The tide was running west, and te-day it played an important factor in the contests. At Race Rock it boils along like a young Niagara and seems to be striving to empty all the water of the Atlantic Ocean into Long Island Sound in a few minutes.

With a wind of sufficient strength this

does not matter very much, but to-day the tide was supreme and in the light air yachts were unable to make any head-The game really was to get by Rock as soon as possible and the in each class to get by first invariably won. It was this point that made the races so fluky.

The small sloops were sent away first at 10:10 o'clock. The Corinthian led the thirty-one raters with Windward under

her lee and Josephine under the lee of Windward. The Joyant was next and then came the Stranger. The Stranger was on the port tack heading to the southwest, while the others were on starboard tack heading in toward Fisher's Island. The Moira led the Sound schooners and Phryne and Rowdy the thirty footers. Many of the others were lee and Josephine under the lee of

On the next gun the Avenger was first away. Harry L. Maxwell had the wheel and on board were W. Barklie, Henry and Victor I. Cumnock. The Dorello II. was next and she was on the weather quarter The Shimna was next of the Avenger. The Shimna was next astern of the Avenger and the Medora was last. On the next signal the fifties started. The owners had been content to reach the line on time and they went away in this order: Carolina II., Acushla, Iroquois II., Spartan, Grayling, Pleione, Barbara and Samuri.

The Josephine and Windward, on board of which was Frank Bowne Jones, were the first at Race Rock and as soon as they headed east by south the tide stopped them. This enabled the tailenders in this class to catch up, and seeing little possibility of getting through the race the Josephine and Windward stood well to the south and then tried to head on the course, but they fetched up in exactly the same place as they started and instead of leading were astern in their class. The Joyant was the first of the P class to get by, and holding well into the shore she kept on her way, finally winning the race by 22 minutes. The Josephine was second.

The Muriel did not race to-day. Francis Smithers, son of the owner, is ill with appendicitis. Mr. and Mrs. Smithers and their son went west on F. C. Fletcher's teamer Cristina. The Muriel is still with

New Rochelle, Aug. 6.—With a card of 109—20, 89, Mrs. R. F. Stone led the dualifying round of the August tournament for women over the links of the Wykagy! Country Club to-day. Mrs. Stone's allowance of 20 was too much had to be content with second place. Mrs. Faith, however, took one prize at least when she carried off the trophy for the putting competition after a tie with Mrs. R. C. Brown. Mrs. Faith and Mrs. Brown each returned 37, a stroke better than Mrs. J. W. Hall. Match play will be in order hereafter, matches being arranged according to the convenience of those involved. CANADIANS TAKE A HAND

Westerners Docile for Day, but **Dominion Horse Takes** Steeplechase.

SARATOGA, Aug. 6 .- Coming from be hind with a repetition of the rush which forced the great Whisk Broom to extend himself at Belmont Park, John O. Talbott's Labore won the Delaware Handicap here this afternoon after the best race that the present meeting has developed to-day and Lahore's stretch run landed him a head in front of Light o' M' Life. The race was the feature of the card which also marked the temporary eclipse of the Western contingent.

In place of the Westerners there was delegation from Canada, which made itself felt in the steeplechase, a popular branch of the sport across the border. The medium introducing the Canadians was Wickson, which was so strongly supported that he closed favorite at 2 to 1 in the field of eight.

former Mayor of Montreal, and many of his friends visited the Spa to see the horse run. By the way the memory brokers were besieged by the friends of fort for a few days. Wickson is a fine jumper and went the course in perfect ease while several good timber toppers were coming to grief. He was originally purchased for \$300 to run for a hunt cup weight. There was at all times 6 to 1 about the winner, aithough he had finished second to Cock o' the Walk on Saturday. The distance was only a mile and there were many who thought thit Capt. Cassatt's Spiring Board could stay that distance. Spring Board could stay that distance. Spring Board as well as Guy Fisher and Cliff Edge were held at 8 to 1.

The Westerners received their first real setback in the third race when W. G. Yanke's Korfhage was trotted out to repeat the successes of other two-year-peat the successes of other two-year-peat of Cornwall of Cornwa

The Westerners received their first real setback in the third race when W. G. Yanke's Korfhage was trotted out to repeat the successes of other two-year-olds from the same locality. Great things were told of Korfhage and he started an odds on favorite. The start killed his chances as he failed to break from the barrier. He was left by ten lengths and though he, showed speed he never had a chance to catch Superintendent, which ran the best race of his career and won by half a length from Salon. The summaries:

NOTES OF THE THOROUGHBREDS

## With Child on Back

COMMODORE AL BROWN of the American Life Saving Society employs a novel method of training for his long distance swims. He enters the waters of Flushing Bay off the College Point shore with his three-year-old child clinging to his back and swims about 300 yards. This is his only training each day of the water season. Brown will attempt to swim from Coney Island to College Point, a distance of twenty-five miles, next Sunday. The treacherous Hell Gate current must be defeated before the swim can be accomplished.

#### Wrenn Back; Davis Cup Coming Later

THE Davis cup is still in Eng-land, for Robert D. Wrenn, who made a flying trip abroad ostensibly for the purpose of carrying home the famous bowl, arrived in New York on the Imperator yesterday without the trophy. Wrenn said the silver mug is following him carefully packed.

Among other souvenirs Wrenn had the racquet which McLoughlin smashed in the doubles during the fourth set, putting Barrett and Dixon within one point of the match. Wrenn praised the men who lifted the cup, especially the doubles team. He stated that the players were so sick of tennis that they had gone to Paris for a change of scene and would leave there by way of Havre for New York on August 9 aboard the steamship La France.

SLOCUM SUCCUMBS

Little and Inman Put Mathey and Johnston Out of · Doubles Tilt.

Slocum in the semi-final round of the men's singles in the New York State championship lawn tennis tournament yesterday at the Crescent Athletic Club S. H. Voshell moved on to the final. The S. H. Voshell moved on to the final. The match was the same old story of youth triumphant over age, for Voshell won quickly and decisively, taking straight sets 6—3, 6—3, 6—1. Slocum had gained the semi-final round by the default of Theodore R. Pell.

In the doubles the semi-final bracket was filed. The match that aroused the most interest was that of R. D. Little and F. C. Inman against Dean Mathey and

F. C. Inman against Dean Mathey and William M. Johnston. The former team had little trouble winning in straight sets. 6-3, 6-2. Lack of team work was mainly responsible for the defeat of the youngsters. The order of service was Little, Mathey, Inman, Johnston.

KALAMAZOO, Mich., Aug. 6.—This was the big day of the Grand Circuit meeting. There were three races on the card and only one went to the favorite, while the others were captured by outsiders and excited many adverse criticisms.

The big stake here, the Paper Mills Purse, is the only \$12,000 race of the year, and it had unusual conditions. It was a four heat affair, every heat a race for \$3,000 and the owner of the horse standing at the top of the summary re. The summaries:
